

More Horses, More Races, More Fun for less money

WCR and A H Racing have joined forces to bring you a new way to enjoy the benefits of racehorse ownership, making it easier, better value for money and more fun.

Joining this new syndicate will have many advantages over traditional ownership:

- You will have an interest in **FIVE horses**. Including proven winners, flat runners, jump runners and unproven potential in new yearlings.
- **No Bloodstock fee to be paid.** All that has to be paid is the **fixed** monthly maintenance cost. All horses are provided by A H Racing.
- **More race days** for your money. With Five horses the amount of racing days will be greatly increased.
- Join your Racing Manager at the yard to enjoy the “**Behind the scenes**” action of the training process.

Questions answered

When will the new syndicate start? The syndicate will start from January 1st 2009 and run for one year to start with.

How many owners will there be? There will be a maximum of 15 shares available for sale, making it very personal.

How much will it cost? For your share in all five horses, the fixed monthly fee will be £500. This fee can be split with as many friends as you want to, therefore sharing the cost.

Do I get an owners Badge? You will get 1 badge per share each time one of the horses run. More badges can be purchased at a reduced rate, depending on the individual racecourse.

How do I reserve my share? Please contact us. We can give you more details and answer any questions you may have.

Who is West Country Racing?

WCR was founded in 2004 to provide a high quality service to people looking to get involved with racehorse ownership. We have had many horses in training, with plenty of winners for our owners along the way. In fact, we have been so successful, that if you had placed a £100 stake on all of our runners to date, you would be around £12,000 in profit.

If you have always wanted to own a share in a racehorse, look no further than West Country Racing.
